

2nd Announcement

5th World Lagomorph Conference

July 11-15, 2016

California State University, Stanislaus
Turlock, California

You are cordially invited to participate in the 5th World Lagomorph Conference. The conference brings together researchers on rabbits, hares, and pikas from across the world. It is a great opportunity to share the newest information on the biology of wild lagomorphs, including but not limited to research on lagomorph natural history, behavior, ecology, physiology, morphology, genetics, evolution, paleontology, disease, management, and conservation. We look forward to meeting you in Turlock, California.

Patrick Kelly California State University—Stanislaus
Andrew Smith Arizona State University

Registration: <https://www.csustan.edu/wlc5>
Contact: WLC5@csustan.edu

NOTE: The deadlines for submission of abstracts and workshop proposals have been extended to April 1, 2016.
